

SILVERJACK

LIFT SYSTEMS

HYDRAULIC ROD PUMPING TECHNOLOGY

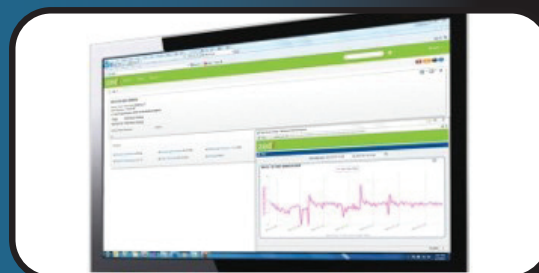

Toll free number 1-877-361-4363 • www.silverjack.ca

A NEW WAY TO PUMP

The SilverJack's integrated POC and Optimization Controller gives you the ability to quickly respond to changing flow dynamics on the fly. The result is an intelligent artificial lift system that maintains peak efficiency while increasing production and uptime.

INTEGRATED POC & OPTIMIZATION CONTROLLER

REMOTE COMMUNICATIONS ENABLED

- 50,000lb Peak Polish Rod Load
- Up to 300" Stroke Length
- Minimal Location Prep
- Max Production over 1000bpd
- Enclosed AC Power Packs
